

SERVICE INFORMATION SUMMARY

March 2016

This document summarizes all current McCauley service information related to the overhaul, reconditioning, repair or servicing of McCauley fixed pitch, constant speed, and full feathering propellers and governors.

The information summary highlights the following:

1. Status of service manuals.
2. Relationship of active Service Bulletins and Service Letters to propeller and governor models.
3. Relationship between FAA AD's and McCauley Service Bulletins.

NOTE

This summary covers all pertinent information issued through March, 2016. Consideration must be given to the revision of this information by any subsequently issued McCauley service information. Also, some service bulletins and letters which have been incorporated into appropriate service manuals are not listed in this summary. This document is intended to serve as a summary only - specific information can be obtained from applicable service manuals/bulletins/letters and FAA Airworthiness Directives.
